1. Applicant is given **no new time period** if the non-compliant amendment is an after-final amendment or an amendment filed after allowance. If applicant wishes to resubmit the non-compliant after-final amendment with corrections, the **entire corrected amendment** must be resubmitted.
2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. Continuation of 4(e) Other: Continuation of 4(e) Other: Continuation of 5 Other: The applicant failed to properly address 35 USC 112 issue of the First Office Action on the Merits. The examiner pointed out that the term "trunk gateway" was not properly defined in the specification and informed the applicant that for the purposes of the examination "trunk gateway" would be treated to have the equivalent function of a router. However, the applicant failed to address the issue of whether the assessment was correct and canceled one of the two claims in question while amending the second claim, but not addressing the issue. The examiner would have appreciate it if the applicant would have submitted a proper explanation over how to assess the "trunk gateway." .
